Eyez...
Lipz...
Better den most chickz

& She kno she got her,
Swagg up rite...
Keeps getting' comments
On her picz

She aint straight...
Its chicks over sticks.
Sorry Dudes, buh you can't
Have none of dis.

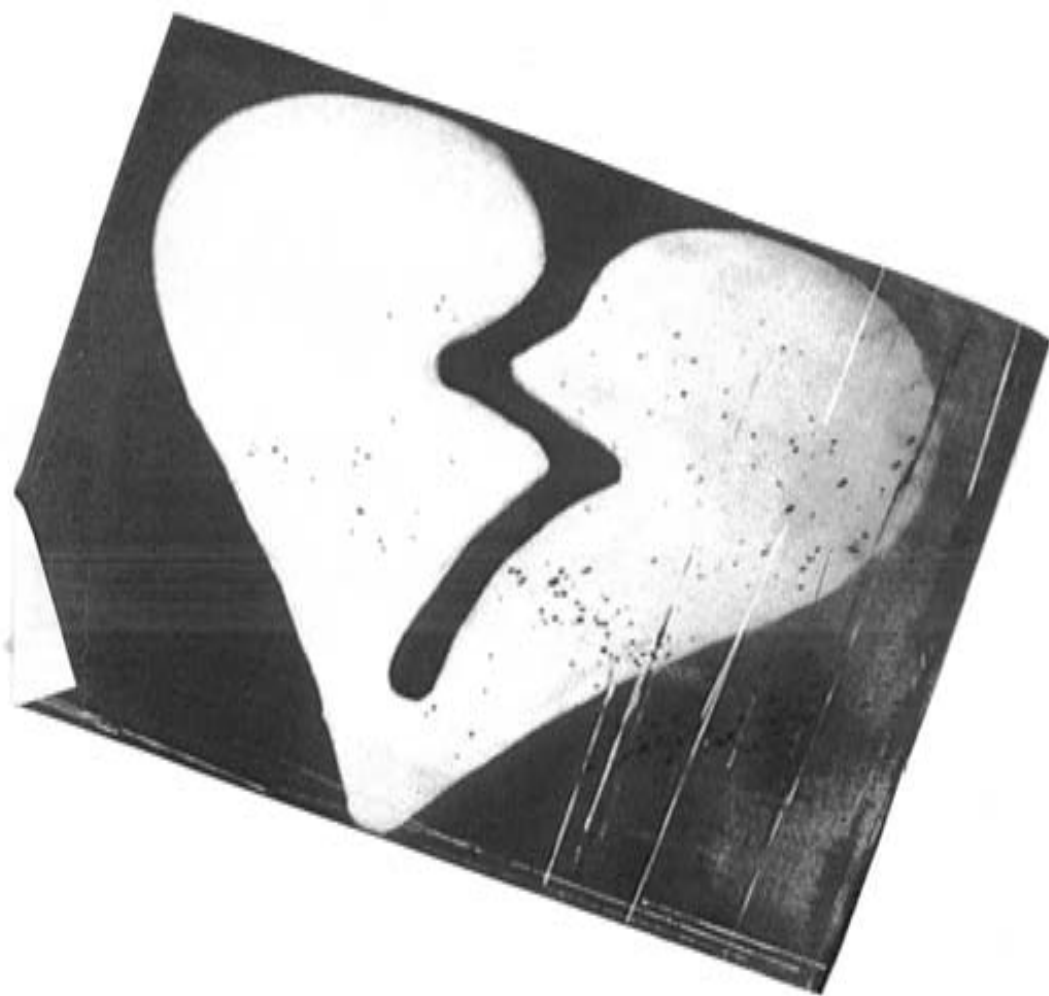

*When she came into my life
I couldn't help but fall in love
Her gorgeous hazel eyes
Skin soft as a dove*

*As the days past
We went from happy to sad
But now we stand as friends
And only that*

*I have no clue what I've done
For this to end so fast
Whatever it was I did
I'd give anything, to take it back*

*The love she showed me
I could never forget
She's the only one I want
I don't care about the rest*

**Thoughts rushing through me
Emotions taking over
Hearts falling apart**

*I shud have walked away from love
Before it broke my heart
But in the zone, of falling in love
You dont pay attention, to the other part
The part that hurts
That brings you pain
Makes you just wanna run away
No one wants this situation
Which is also called the end
But at this point in relationships
There's no more love to send*

Just because I like her
And ya'll like him
Doesn't mean im different

If I like burgers
And ya'll like pizza
Doesn't mean im different either

Im a girl, attracted to Jill
Ya'll girls are attracted to Jack
It's not my fault im into that

Even if I could change
I wouldn't change a thing
Cuz I love the way I am
No matter what ya'll think

MAMMA I LOVE YOU
MORE THAN YOU KNOW
MAMMA I LOVE YOU
EVEN IF IT DOESN'T SEEM SO
MAMMA I LOVE YOU
AFTER EVERYTHING
WE'VE BEEN THROUGH
MAMMA I LOVE YOU
JUST FOR BEING YOU

Its hard to run
Since the smoking begun
He takes a breath ...
Gets pains in his chest
He cant take it anymore
Now wondering what he started for
He needs to quit
Before he gets too sick
In the hospital begging,
For another life to live

**My mind is pacing
This heart of mine is racing,
aching
Tragically breaking**

**Once again
In a thousand pieces
Which held every bit of my
love
For her...**

Why is love so crazy?

The sun has faded away
Everyones emotions seem grey
Just like the day
But still I seem in a good mood
Which is unusual from what I'm used to
I'm used to feeling bored, sad or down
I usually don't want anyone around
So why do I feel so alive, get calm
On a day like this?
There must be something wrong!
My mind is full of confusion
Maybe am just an optical illusion
Why aren't I affected?
Cuz I honestly don't get this
Maybe I shud be set separate.
People wud probably say uma freak
But I'd like to think of myself as unquel

Why did you leave?

Leave so suddenly, just straight out of my life.

Why did you leave?

Leave me alone, without you to love or hold me.

Why did you leave?

Leave me in the middle of love, lost and confused.

Why did you leave?

Leave me here guessing and wondering why...

Why did you leave?

My mind is empty
All my thoughts have left me
Nothing to write on paper
Hopefully it'll come to me later
Right now I just want the bell to ring
So I can go and do my thing
Go uptown and chill wit da hommies
Dats wat I do, incase you don't know me!

Everybody's telling me I needa forget you
But they don't know how much you mean to me
Honestly, I think you're my destiny
You & me were meant to be
& I wont stop trying, until you see
Cuz girl I love you unconditionally
Sometimes your mean
& You even avoid talking to me
But that doesn't stop me
From loving you deeply
I think about you everyday
& I just wish you would have stayed
But what can I do?
Besides, sit here and cry
Miss you by my side, remember at McDonalds
Chillin in da slide
Goin' to da movies, talking on the phone
Up on msn all night long
Stayin up jus for you
& You did the same cuz you loved me too
I miss those days, even more... I Miss You
Hopin' one day you'll miss all that too
But what can I do?
Nothing!
But if I ever get a second chance
I plan to put a ring on your hand
But for now all I can do is pray
A second chance comes my way
I messed up once, & I wont do it twice
Girl I'll be your wifey type
I wont disappoint you, you will see
All you gotta do is believe in me!

I don't want it anymore.
