Heaven

There once was a motivating athletic person who was a very electric and psychedelic millionaire. He was a big drug acid addict but he still tried hard in what he loved. Working with computers! He was a comedian at the time and he was very talented. After so many years of working hard his lovely supporters blessed him with success.

The Unusual Life

Life's not as real as you think it is. You don't see as much as you supposed to. From my experience I've seen a lot....more than I even think I was supposed to. From my curious mind, I've always wanted to see or feel other things. In another state of mind I want to go on an astral projection. I lay down in my room calmly with not even a speck of sound and breathe slowly and deeply trying to get into an awoken sleep state of mind.

Dreams

I'm very special to people
I love when I get different dreams
When I get headaches I feel it in the brain
I will be more focused when I'm alone
Things can be very difficult
Snakes are harmful
The sea is deadly
Drama, it will change you
Lies could go very far
When emotions come, sadness could
I'm really who I really am
There's always an end to love
I'm caring a lot for family

Newborn Baby

There was a girl that just had a baby. Next to the baby was my strong dad listening to 50 Cent. When we got home, we saw PK Subban playing on the TV. When I get older I wanna be just like Connor McDavid. At school I have a very funny teacher Mr. Sal and a good English teacher Ms. Stephanie. And good Sciences and Math teachers. When I get older I wanna be like my older cousin Vito Nitti. Going to school I listen to Jay-Z, 50 Cent, Rea Shrummer. I would go and watch every Kevin Hart movie if I could.

Gianni Gucciardo

Beautiful Girl

A beautiful girl walks by me in the mall.
Girls are really complicated.
I say I love you, she says I love you back.
I am starting a new life with her.
But I am going to be different with this girl.
It's important to love your parents more than
anything.
I love her.

Chef

I want be a chef.

My goal is to become a big chef that everyone knows.

My dream is to work with my dad.

My dream is to get a supercar and a big house and a lot of money and kids.

When I get older I will give \$1,000 every month to people that need it.

When I become a chef, my dream is to make money, and my goal is to be the best chef in the world.

Will

At school work?
Or even at sports?

Life
Is great
But sometimes bad
Life does not promise immortality
Life means anything can happen
Life is extremely valuable to me
Life makes me want to do more

Not many things terrify me

Happiness can easily be earned by doing things
you like

Being hated by an old friend can be harsh

I will not be always there

I want to learn to drive race cars or be a professional fighter.

My goal is to do and be my best at whatever I succeed in.

My dream is just to have a good life and spend it doing my favourite things.

You and whoever is listening will be affected because you're sharing your thoughts and people listen.

My dream will provide money, using my talents in a good job.

I will provide for my family and close friends.

I think I'll still need support so I don't get lost.

I'm walking home, looking pretty neat.
But all of a sudden I hear a splash
I look at my feet.
I stepped in a puddle, I got my shoes all wet.
What am I going to do?
New shoes I shall get.
So many choices which pairs do I choose.
Then I see the employee
She was acting so rude.
She told me to get out of her store.
So I had to ignore
And then I left her store.
I'm not going to lie, I was upset
When I didn't get my new kicks.
If only that lady was acting like a witch.

I
Am late
For my class
It takes a long time
I live far away from here
Every step I take I get near.

Morad Zidoune-Abouizza

Time.
Is mine.
I will find.
On this straight line.
Time plays with your mind.
Losing time should be a crime.
Writing about time
Making sure things rhymes.
Make sure the time you have is the best.
Until you do not have any time left.

When I'm older I want to successful.
But all this thinking about my future is kind of stressful.
I know that I have to achieve my goals.
And I would do anything for it, even sell my soul.
But I'm the only one that can do it, I have all of the control.
I guess failure is isn't an option anymore.
Once I've achieved my goal, I will be rich.
I'll take care of myself I'll never get sick.
It's going to take time but I'll make it quick.
The magic word is please.
I'll keep on chasing my dreams.
Even if I'm on my knees.
Goals I have to achieve.
Money is what I'm going to receive.
Of course everything is going to change me.
Who I am.
Just a kid with a plan.
I want to wake up every morning happy.
A smile on my face without feeling crappy.
In a nice house with a nice car, everything is flashy.
I will share my success and inspire.
I want everyone to know my name and admire
I'm going to enjoy my life; I'll never get tired
Happiness is what I require.
I don't need help achieving.
I'm going to succeed just keep believing.
I'm going to treat myself to the good life.
Make sure everything I do is right.
I'm going to get comfy and in the mood.
I'm going to have the best dining table with the best food.
Everything is going to be smooth I just have to keep my cool.
I'll get through the tough times even if someone is rude.
But for now I got to practice.

I can't help but feel anxious.
But I won't let that get me distracted.
Because my future and my goal is demanding.
But I have to give it time and keep understanding.
But now I just feel stranded.

Sometimes I Get Lost

One time I was on my way home from school on the orange line of the metro with my friend. When it was our stop, that we had to get off at, my friend told me to stay on so I did because he knew the way home better than me. And right before the doors closed he ran out and started laughing. At the time I was scared so I got off at the next stop, Villa Maria. I called my dad from a pay phone and he picked me up.

My mom is beautiful.

She is the important person in my life.

I know I love her because I feel it in my heart.

My mom changed my life.

Sometimes we have our ups and downs.

Every time I see my mom I feel happiness in my heart.

My mom teaches me to stay loyal.

My mom is great.

Emotions are a complicated thing.

Emotions are an adventure.

The past is a story.

Emotions can make some things out of reach.

With confidence I can accomplish stuff.

When my confidence is small I can dream.

In the world I feel small.

Every day can be hard and easy.

When life is hard, I think of all the things I can do.

When I fail at something, I want to hide.

If something is hard, think of the possibility for the future.

Getting up after a fall is not all that easy.

I'm the best fruit in a basket full of food.

For my future
I want to take over
My step-dad's company,
To make a good reputation for myself.
But it will be very difficult
Because there will be a lot of things
Going on in my head.
It will be fun.
Well sometimes, I guess.

ALESSANDRO LOMBARDI

Love is beautiful

Love feels like fun

I know when I am in love when I see a
good personality

If I am in love I will be different because a
lot of things are going around in my head

Love is not force

Love is sometimes difficult

Love is or is not important because of arguments

Love must be fake to be real

Love makes me worried about my
reputation

Love teaches me about myself

Love is a dream because sometimes it's b.s.

Love makes me feel hopeful because of my future
