I say I can do anything

I dream of being an athlete and competing in the Olympics

# Future Considerations

DEAR EARTH,

When you look at the **Earth** as a picture or from far, you see it as small. But when you look at it from close or if you live on **Earth**, you can see big and that's all. You can have fun, you can play with a ball. That's all you need to hear, so go ahead and be thankful for why you're here.

Regards,

Isabella

**Dear Future me,**

Here is my advice:

Stay with your Cats all your life

Stay away from Tofu. You hate it

You need to eat your Food

Don't eat meat, ever!

You need your sleep. You work as a makeup artist

Get your driver's license as soon as you can.

**Love, Tina**

Dear Earth,

I want a continent because China has a lot of people. And I would call it Chouaib Country. Its area would be 1 million squared feet. The country's inhabitants often eat meats, fruits and vegetables. Its traditional plate is fish and chips. It is located between Europe and North America, in the Atlantic Ocean. They have a lot of tuna and salmon. The favorite sport is soccer and the team is ranked second in the world. The population is 65 million people, the continent has 5 provinces with names like China Villa, New Chouaib Land, Shoe Land, Turtle Land and Hamsterdam. The founder is Chouaib.

I stand for getting rid of cancer.

I wish for people to be happy.

I want to change the world and make it a better place.

Isha
