Who loves soccer

Who dislikes football

Who wants to go to football game

Who wishes to meet soccer players

Who is scared of football players

Who dreams of being in soccer

Determined to win the football game

Who is proud of me

And is a citizen of any country

-Andrew

If you are sick from Covid you can't go out
When you are in quarantine for weeks, you are good to go
If you can trust the doctors maybe I can too
But some doctors are not good
If you give me Covid I will give it back to you
And everything will be ok
If I wake from a bad dream wake me up
If I wake from a good dream just let me be
And I hope every dream will be the best dream
If you don't wanna wake me up that's ok too
Or you can wake me up that's ok too
And we can share our dreams
If I'm sleep walking
Then hit me

-Andrew

When I Grow Up

When I grow up I want to be the boss of the boys unit in Nunavik

To be rich in my town

And be a family man of my family

Who likes to eat at my place and celebrate

They can tell the kids stories about the past

Because there are elders

Can't be one of them

I was raised to be a good man

A season from goose hunting

To be a good man, get a job

I know I am good

Becoming a hunter at this town

I would celebrate for them

Like a simple decoration for this man

With you I eat well

To everything that is good for my people

To be a good man

-Adamie

Warm Up

What are some expectations that people have of you?

Follow the rules

Do paper work everyday

Respect other people

What are some expectations that you have for yourself?

Go home soon as I can

Respect the rules

Listen to staff

If you could be something for someone what would you be and for whom?

I would be a water

I would be a doctor

-Adamie

If

If you fall down, I take you back up

When you don't know I teach you

If you can trust yourself you can do anything

But if you don't trust yourself you can't do nothing

If you help me I will help you

And try to be good at everything

If you could pick a name what would it be

If you own a country what would you name it

And stay out of trouble

If you are a dad

Or you're a grandad

And what kind of name would you name them?

If you could go back to the past what would you change?

Then your life would be better

-Adamie

Biography Poem

Tamusi

I love my mother and family.

Who dislikes poem.

Who want to go home.

Who wishes to meet Drake.

Who is scared of bravery.

Who dreams of a perfect life.

A determined life.

Who is proud of my mother

And a citizen

Inuit native.

-Tom

A time you were surprised: Honda accident, drink and drive

A time you were lost and confused: too much drunk

A time when you were happy: When I first killed an animal

Something you'd love to see: in the spring with bird and geese

Your favorite place: away from town, to go on the land

A time you felt free: childhood, when we grow up lots to do

A time you were hurt: when I lost family members

Something you look forward to: something from the past

-Tom

If

If you can walk or run don't be so lazy

When you have a bad day, think about positive thoughts but not too much

If you can trust yourself, believe in yourself

But I'm lazy sometimes, I have to work on this

If I am lazy I felt my weight really heavy

And my mind negative

-Tom

When I grow up I want to be Hockey Player
To be a traveller to the other town
And trying to be the best player
Who likes to have fun and joy
Can't be perfect all the time
I was raised to be a son, family
a season from my mother
I know where I come from
Who is becoming a hockey player
I would to better
Like a simple decoration for anything
With someone
To everything that is normal

-Tom

If

If you can change the world

When Aliens are slaves

If you can trust Aliens you are fired

But kill the Alien before it kills you

If Aliens escape, we chase

And Aliens go to jail

If I can control aliens you can

If I cant you cant

And Aliens can

If humans can create, Aliens also can

Or you are mastermind

And have super powers in you

If you kill Alien

Then aliens alive again

Random LOL

-Tuniq

When I grow up I want to Be a pilot

(*after Chen Chen*)

To be a pilot I have to do math a lot

And a pilot needs a good eye

Who likes to go out and camp out

They can tell where they're going

Because they know it and remember where they're going

Cant be a baller if you don't practice

I was raised to be a good player and good person

A season from august is my month from birth

To be a good relative has to work on themselves

I know people are good but they let them down first

Who are becoming a successful at everything

I would help but I just don't sometimes

Like a simple decoration for a human to better person

With you I could help

To everything that is hard but I need help also

To be a good person, I gone from when I lost my family members
To until now
Seen in the spring and the river with geese
I felt so happy and calm
Id like to go home
When I came here
Because I've overcome negative all the time
And I look forward to because of its not good if you live in the past

-Tuniq

I gone from a place where I went
The rehabilitation centre
To work on what I have done
Seen to be difficult, but trying
I'd like to go to a place where I'd be free
When I was at the rehabilitation centre
Because I've overcome
to enjoy one bit of everything
And I look forward to be great

-Tuniq

I want to be a wolf so I could do everything
And as the sun so I'll be everywhere
I sense my heart with the beautiful heartbeat
You look at the moon to bring back your pieces of heart
The moon fills with spotlights
I like it because it reminds me that I'm a spotlight
I name the peaceful heart
I hear it as a motivation to finish my good old pain
Inside me I'm broken like the glass of a window
They keep me strong so I could smile again
Still finding my pieces of hearts

-Stevie

I've gone from heavy

To lightest

Seen it with my eyes

I felt it with my heart

I'd like to go to a brighter place

To get to my distance

Because I've overcome my young life to become a young man

And I look forward to make my life story with brightness

-Stevie

A time I was surprised, when my mother left us in the heaviest place

A time I was lost, when I couldn't speak to my heart in a healthy way

A time I felt happy, when I realized that I didn't just give up on this miserable

Something I love to see, I love to see Northern Lights during the toughest days

My favourite place, the land that doesn't judge my feelings

A time I felt free, the time I felt free when I was 100km away from everyone

A time I was hurt when I didn't trust my heart

Something I look forward to, making my life understandable for myself

-Stevie

If you can walk through the pain

When it hurts and if you can trust yourself to not fall down

But remember it will keep coming by every single second and

If you can let it sit there and facing it, eventually it will become normal

If you don't like yourself and if you don't love yourself and

If you're not thankful for your braveness and if you don't

See it in you, look deeper inside of you until you see it or

You will end up thinking you're lonely and it will tear you apart so deep

-Stevie

Biography Poem

I love to help my grandpa to go camping
I don't like when I don't help my family
Camping in my home town
I wishes to meet someone who I don't know
I'm not scared of someone at all
I dreams of my grandpa when we go camping
No mater what I well help the elder
I'm proud of my family
I live in Nunavik.

-Elijah

When I grow up

I will be hunter with my cousin

Good man and help someone who's not feeling good

I was born to talk loud and I was born to do whatever I want

Finish what they have to finish

and we don't need to think about it

Some one who needs help

We need it too

-Elijah

If

If you go home to help your family,

you gotta finish what you gotta do

When I can do what you want to do to get help

but if it's too hard I'm not gonna do it

If you can trust someone and you can trust someone who's nice
or trust people

But you need to try to work what you have to work

and when your done your work you don't need to think about it

-Elijah
